REHABILITATION DEVICE/EQUIPMENT MARKET

![Graph showing the rehabilitation device/equipment market growth from 2016 to 2025.

- In 2016, the market size was 10.5 Billion.
- Projected to reach 17.5 Billion in 2025.

The graph indicates a steady increase in the market size over the years.]
STRENGTH & SKILLS ARE DEVELOPED

Building muscle memory, grip strength, speed and agility results from continuous development. POWERHANDZ products will assist with skill development, injury prevention and injury recovery for youth and professional athletes and patients suffering from a musculoskeletal injury of the hand, elbow and shoulder.
POWERHANDZ Weighted Gloves provide added resistance to help strengthen hand and arm muscles. Depending upon the sport or musculoskeletal issue, the weight on the front of the hand and the palm material is customized to fit the ergonomics of the sport or rehabilitation need.

- Basketball
- Football
- Boxing / MMA
- Baseball / Softball
- Golf
- Musculoskeletal injuries of the Hand and Fingers, Wrist and Shoulder

WHAT’S NEXT:
PHYSICAL THERAPY MARKET

400K Physical Therapist and Occupational Therapist In The US (Data USA 2014)

12.6M Physician Visits for Hand and Finger, Wrist, Elbow Injuries (AAOS 2010)

500K Carpal Tunnel Surgeries (NIH 2016)

Direct/MSC - Non-Tech PT
400K PT/OT x 40% Related Injuries = 160K Target Market

160K x 2% = 3,200 PT/OT
3,200 x 300 annual patients = 960,000
960K x 8% (2022) = 76,800 patients
76,800 x 140 per/glove = $10,752,000
What’s Next: Rehabilitation

Promotes:
- Entire Upper extremity (UE) kinetic chain
- Fine motor skills and coordination
- Neuromuscular Re-education
- Direct strengthening of wrist, hand and fingers
- Ue stabilization/sequencing
- Current prototype diagnosis range rotator cuff tear - carpal tunnel.
- >30 pts used current prototype
- Case studies w/ baylor rehab in march

Phase 1 - Replace Current Device
- Current Device: Foam Ball

Phase 2 - Add Sensor Technology to Measure Grip Strength
- Dynamometer Device
WHAT’S NEXT: TECHNOLOGY SPORTS & REHAB

TRACK AND LOG
When using your Smart Phone and POWERHANDZ products you will be able to track everything from hand speed & reaction time to dexterity.

SMART SENSORS
Technology Sensors will be added to the existing POWERHANDZ product line to provide performance metrics during training.

BUILDING CHARACTER THROUGH ATHLETES

POWER TO GIVE Foundation supports youth athletes growing up with dreams of becoming confident and successful individuals that are positively affecting the quality of life in their community. Through our programs, we seek to increase the awareness of the undisputed impact that athletic, education and career development training programs have on academic and athletic success; as well as overall stability of the communities we serve. A portion of every dollar that POWERHANDZ Inc. receives for its products are donated to POWER TO GIVE initiatives with a mission to develop targeted programs for youth in underserved communities that increase a commitment to athletic and academic excellence.
