MAX PLAYER

Highlights

We believe **Max Player** has displayed outstanding ability at a young age with a running style similar to his sire, **Honor Code**, in which he falls behind the field early then closes with a flourish at the wire with an excellent turn of foot. He is the winner of two races of three starts showing a sequential improvement in Beyer figures while still racing greenly early in his races.

On February 1, 2020, Max Player romped in the Withers Stakes, a Grade III event at Aqueduct Racetrack, having earned 10 qualifying points for the Kentucky Derby. Max Player broke alertly, demonstrated resentment for kickback early in the race, then made a long, sustained bid that carried him to victory. He is being pointed next to the Grade 2, \$750,000 Wood Memorial at Aqueduct on April 4. The well-bred Max Player became the first stakes winner for 2015 Eclipse Award-winning older horse Honor Code, who closed from out of the clouds to capture the Grade 1 Metropolitan Handicap and Grade 1 Whitney that year.

Triple Crown Trail

We believe Max Player can handle 10 furlongs and more and has shown a strong late kick in all three of his races. He is being pointed to the prep races for the Kentucky Derby having earned 10 qualifying points in the Withers. Ownership in SportBLX Thoroughbreds gives investors a shot at being part of the Triple Crown experience.

Purchase Right for Stallion Prospectors

Max Player has exceptional pedigree on both sides of his family. His dam, **Fools in Love**, has produced three stakes winners from her first three foals. His sire, **Honor Code**, is a dual Grade I winning champion from the last crop by A.P. Indy and stands for \$30,000 at Lane's End. Owners of 5% of Max Player will have a right of first offer in a sale of Max Player. Please see the Offering Memorandum for more details.

MAX PLAYER

About the Sire

Honor Code (foaled March 2011) is a thoroughbred racehorse bred in Kentucky. He was sired by A.P. Indy, son of Triple Crown winner Seattle Slew and out of mare Weekend Surprise, who was sired by another Triple Crown winner: Secretariat. His dam is Serena's Cat, a granddaughter of Hall of Famer Serena's Song. Honor Code is known for his running style, in which he falls far behind the field early and closes with a rush to the wire. Honor Code's 2013 two-year-old debut saw him win from 22 lengths behind at Saratoga Race Course. He went on to win the Remsen Stakes and also finished second in the Champagne Stakes. He was considered a favorite for the 2014 Kentucky Derby, but an injury in March 2014 took him out of contention. Sideline for much of 2014 by a leg injury, he returned to racing in November 2014 to win a 6 1/2 furlong allowance race/optional claiming race at Aqueduct Race Track. In March 2015, he returned to graded stakes racing by taking the Gulfstream Park Handicap running against the favorite, Private Zone, who had won the 2014 Grade I Cigar Mile Handicap. On June 6, 2015, Honor Code won the Metropolitan Handicap at Belmont Park, and later that year won the Whitney Handicap by a nose over Liam's Map. In the Eclipse Awards for 2015, Honor Code was named American Champion Older Dirt Male Horse.

Her dam is Parlez by French Deputy, and she is a half-sister to multiple graded stakes winner and millionaire International Star and stakes winner D C Dancer. Fools in Love won 5 races of 23 starts including winning Orleans Stakes at Delta Downs and placing in the Maryland Million Lassie Stakes, Sorority Stakes and Colleen Stakes. She also broke her maiden at first asking. Fools in Love has proven to be an exceptional broodmare and is the dam of Seahenge, winner of the Champagne Stakes (G2). Fools in Love also produced Grade 3-placed Urban Bourbon and stakes-placed Frank's Folly. Horse racing could be subjected to restrictive regulation or banned entirely, which could adversely affect the conduct of the company's business.

A decrease in average attendance at races coupled with increasing costs could jeopardize the continued existence of certain racetracks which could negatively impact the company's operations.

Industry practices and structures have developed which may not be attributable solely to profit-maximizing, economic decision-making which may have an adverse impact on the company's business.

The company may only own a minority interest in a horse and thus it may not have sufficient control regarding the training or racing of that horse.
