## Note 1 - Summary of significant accounting policies

### Organization and nature of operations

Firepie, Inc. (the "Company") was formed under Delaware law on July 8, 2015. The Company operates one (1) restaurant in San Francisco, California which is where the Company is located.

The Company maintains its financial records on a calendar year basis for the year ended December 31, 2017 and the year ended December 31, 2018.

### Cash and cash equivalents

The Company considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents consist primarily of cash on hand, cash on deposit with financial institutions, and certificates of deposit.

### Inventories

Inventories consist primarily of food, beverages and paper goods and are stated at the lower of cost (first-in, first-out method) or market.

### Property and equipment

Property and equipment is stated at cost. Depreciation is computed over the estimated useful lives of the respective assets using the straight-line method of depreciation. Estimated useful lives are generally fifteen to thirty-nine years for buildings and improvements and 5 to 15 years for furniture, fixtures and equipment. Depreciation expense totaled \$11,028 in fiscal year 2017 and \$8,271 in fiscal year 2018.

### Other assets

Costs incurred associated with obtaining financing are deferred and amortized over the term of the related debt. The costs of deposits are recorded at cost.

### Long-lived assets

The Company evaluates the recoverability of its long-lived assets, primarily fixed assets, in accordance with Statement of Financial Accounting Standards (SFAS) No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS No. 144 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate the book value of the asset may not be recoverable. In accordance with SFAS 144, the Company uses the estimate of future undiscounted cash flows attributable to such assets over the remaining life in measuring whether the assets are recoverable.

### Income taxes

The Company follows the asset and liability method for deferred income taxes as required by the provisions of Statement of Financial Accounting Standards No. 109. Under the asset and liability method, deferred income taxes are recognized for the tax consequences of "temporary differences" by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities.

Note 7 - Commitments and contingencies

Lease commitments

In 2016, the Company entered into a lease agreement with Peter Castro. The Lease commenced August 15, 2016 for a period of 3 years with monthly payments of \$5,500 and had no options to extend.

In 2015, the Company entered into equipment lease agreements with Kingswood Leasing for certain equipment. The terms of the lease agreement for 60 months with monthly payments of \$1,686 and provides The Company to acquire the equipment for \$1 at the end of the lease term.

In 2017, the Company entered into equipment lease agreements with Pizzaman's Pavillion for certain equipment. The terms of the lease agreement for 24 months with monthly payments of \$525 and provides The Company to acquire the equipment for \$1 at the end of the lease term.

In 2018, the Company entered into a lease agreement with Providence Capital Funding, Inc. The Lease commenced March 22, 2018 for a period of 5 years with monthly payments of \$2,364.

At December 31, 2018, future minimum rental payments required under noncancelable operating leases are as follows:

<u>Fiscal Year</u>	
2019	\$ 24,437
2020	13,493
	<u>\$ 37,390</u>

**FIREPIE, INC.**

Notes to Financial Statements (Continued)  
December 31, 2017 and December 31, 2018

Note 8 - Income taxes

There is no provision for income taxes for the fiscal years ended December 31, 2017 and December 31, 2018 as a result of operating losses and recording valuation allowances related to the deferred federal and state income tax benefits for each of the years. Deferred income taxes result from the tax benefit of federal and state net operating loss carryforwards, the use of different depreciation methods for financial reporting and tax purposes, and the differences in accounting for goodwill and the sale-leaseback transactions for financial reporting and tax purposes.

The components of the net deferred tax asset as of December 31, 2017 and December 31, 2018 are as follows:

	<u>2017</u>	<u>2018</u>
Deferred tax asset		
Net operating loss carryforwards	\$ 400,996	\$ 400,996
	400,996	400,996
Valuation allowance	(400,996)	(400,996)
Net non-current deferred tax asset	<u>\$ 0</u>	<u>\$ 0</u>

The Company has recorded a valuation allowance to reduce deferred tax assets to estimated net realizable value based upon management's assessment of such amounts at December 31, 2017 and December 31, 2018. Management's assessment will be updated periodically to reflect changes in the Company's business and results of operations.

Note 9 - Concentrations of risk

During fiscal years 2017 and 2018, the Company made significant purchases of food, beverages and paper goods from one main vendor. Management does not consider this a significant risk, as there are other vendors available to replace current vendors.

Note 10 - Subsequent events

In 2019, The Company also extended its lease agreement for an additional 3 years.
